From

Sastravaidya Pravina
S. SUBBA RAO, Esq., B.A., M.B.C.M., M.R.C.S., (Eng.) L.R.C.P., D.P.H.,
Senior Surgeon with the Government of H. H. the Maharaja of Mysore.

GENERAL SECRETARY
24 JAN

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

In enclosing herewith a copy of letter No.231/L.A.D. dated 12-11-1934 in the matter of calculating the term "day" for the levy of fees in Hospitals, I have the honour to state that there is no rule on the subject prescribing the levy of fees for the day of admission or discharge. The practice in vogue in the Victoria Hospital is that patients admitted are charged for full day on the day of admission irrespective of the time and for the day of discharge no fee is levied if the patient is discharged in the forenoon, but if he is discharged in the afternoon half the fee is levied as the patient will have been dieted in the midday. To make the practice uniform in all Hospitals in the State, the procedure obtaining in the Victoria Hospital may be ordered to be adopted. I request that necessary sanction of Government may kindly be obtained to make the Government Orders on the subject more clear.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subba Rao

Senior Surgeon.

1) Subd for orders - with refce
The Govt orders refd to by the Comptroller are not avbl & flagged C & K.

2) It would perhaps be fair both to the Govt & the patients if on both the day of admission & the

Letter No.231/LAD. dated 12-11-1934, from the Comptroller in Mysore, Bangalore, to the Senior Surgeon in Mysore, Bangalore.

I have the honour to state that the marginally noted Government orders fixing the scale of fees to be levied on in-patients in the General and Special Wards of the Hospitals do not specify how the "day" has to be calculated for purposes of assessment. The practice that is followed in all institutions does not appear to be uniform. In the Victoria Hospital, the patients are charged full fees for the day of admission irrespective of the time but the same principle is not applied for the day of discharge, i.e., if the patient is discharged in the forenoon, no fee is charged, but if discharged afternoon half the fee is levied. In the Minto Ophthalmic Hospital, full fee is charged for the day of admission as in the Victoria Hospital but for the day of discharge no fee is levied unless the patient is discharged afternoon when full fee is recovered.

L.3886-3959/Med.32-22-2 (C) dated 25-11-1922
G.97723-7772 dated 31-12-1929. (K)

It is desirable that in-patients should neither be charged more nor less than what is due and to this end a definite rule is necessary for general guidance. I would request you therefore to obtain or quote reference to clear orders of Government in the matter.

I may also state in this connection that the present Medical Code is out of date as several orders revising the rules after the Edition, viz., constitution of the Poor Fund, scale of fees for Pathological and X-Ray examinations, employment of probationery Nurses, powers of the Medical Officers in charge of the Institutions regarding appointments, promotions, leave and punishments etc , have not been incorporated I request that this may kindly be arranged to be taken up for facility of audit.
